WHY ORDER WITH US

Your logo, our design desk, one clean order.

IITianVibes designs and ships college merchandise across India. Every product in this brochure is something we already make and sell on iitianvibes.com, so you get a design team that knows what people actually wear and use, not a printer who waits for a finished file.

Send us your logo, event name or a rough idea. We turn it into a print-ready design, show you a mockup on the real product, and only start production once you approve it.

50
pieces minimum per product. Mix sizes and colours freely inside those 50.

₹0
for design and digital mockups. You see exactly what prints before you pay the balance.

2
weeks from mockup approval to delivery at your door.

6
print methods: DTF, DTG, screen, puff, embroidery and sublimation for drinkware.

Sample mockups. Your order carries your own logo or design, and you approve a mockup before anything is printed.
